

Print Management Solutions

LPT: One

Save Time and Funds

TLC's print management program powered by EnvisionWare will save your library funds and time.

Designed by librarians, LPT: One™ provides a seamless solution that requires little or no training, and minimal maintenance. LPT: One can save you 45 percent in printing costs.

LPT:One - Print Cost Management

LPT: One is the scalable solution for print cost control and waste reduction. Manage by permitting self-service, mediation by staff, or a combination of service models. Printing can be paid with any type of payment, including:

- smart cards, debit cards,
- coin boxes, or
- the unique online system that applies deposits in existing patron accounts.

If you have unique cost recovery requirements, you can set specific charges not only by printer, but also by:

- document type,
- URL,
- patron type, and more!

Call TLC at 1.800.325.7759 today for more information.
